

Hampton Conservation Commission

November 22nd, 1976

The Chairman, Nelson Grant, opened the meeting at eight o'clock, with Neil MacPherson, Ednapearl Parr, Alide Lavallee, and Irene Palmer present. The Secretary's report of the October 25th meeting was read. Neil moved to accept the report as read, seconded by Ednapearl, and the motion carried.

A moment of silence was observed in memory of Ed Loughlin. The note from Mary Loughlin was read. Irene stated that the rocks have been removed from the wetland behind St. Magnus, but not the rest of the fill. Ednapearl will check on this when she gets up to Concord in January.

Nelson found the letter, dated Dec. 13th, 1974, from the Town Manager, advising that the Town acquired by tax deed marsh land at the end of Perkins Avenue, from a Mrs Howard Eaton. *

Ednapearl had attended OWL conference in Morristown, N. J. and reported the concern about the amount of road building in the states, and about the Franconia Notch proposal in N. H.

Also, there is an effort being made to get highway funds transferred to other transportation, such as reviving railroads. Al inquired whether there was any landfill question involved in Davis Co. proposal. Other Conservation Commission members agreed there was not.
